CHAMP CLARK CLUB ORGANIZED AT FRANCIS

Saturday afternoon J. W. Davis and Leslie Makey, thos hustling champions of Champ Clark, went to Francis and aided in the organization of a Clark club in the evening. They report a fine and enthusiastic meeting, and the organization of a club that will put some life into the coming campaign in that precinct. Judge W. H. Hammond was elected temporary chairman of the club and L. T. Clark secretary. Both are rustlers from the go and the club did well to elect them to head the organization.

Rev. E. M. Sweet preached his farewell sermon at the Methodist church Sunday, that marking the close of his year's pastorate in Ada. However, it is probable that he will be returned by the conference, for he has done splendid work and won the regard of the entire citizenship of the town.

PREMIUMS AWARDED FOR GOOD CORN

As a result of the hot winds during the summer the boys of Pontotoc county were up against it in the matter of raising corn for the exhibit which was held Saturday. However, four enterprising boys from Ahloso and one from Frisco were on hand with samples of the product of their industry, which, in view of the season were fine. The corn was duly passed upon by competent judges and premiums awarded as follows: Best ten ears white corn, Walter Comstock, Ahloso, awarded Poland China pig offered by Frank Huddleston. Harvey Palmer, Ahloso, white corn, awarded \$2.00 given by Ada National bank. Hawley Comstock, Ahloso, white corn, \$2.00 by S. M. Shaw. Joe Riddle, Frisco, \$2.00 by M. & P. bank. The only yellow corn on exhibition was raised by Edgar Grove of Ahloso, and he was awarded the pig offered by Frank Huddleston for the best ten ears of this variety. One of the boys also brought in a good sized pumpkin for which he will receive \$1.00 donated by R. W. Simpson.

Now that a county club has been organized, it is the intention of Supt. Pierce to make next year's exhibit an occasion to be remembered. Under the county club plan the boys exhibiting corn will also be entitled to chances at the Owen and Gore premiums and also to state fair exhibition, giving the boys excellent opportunities to make some big winnings as a result of their labor.

Another thing in the boys' favor is the fact that Pontotoc county now has a government demonstration agent, A. L. Kennedy, who will take particular pride in advising them on all matters pertaining to the best methods of cultivation, the best seed to plant any anything else they might want to know about raising a good crop.

J. LUTHER LANGSTON FIRED BY STATE FEDERATION

Oklahoma City, Oct. 30.—J. Luther Langston, secretary-treasurer of the Oklahoma State Federation of Labor, was suspended from office Saturday night by the executive board of that organization, the board having sustained the charges made against him by President C. C. Zeigler. The report was signed by Alex Mount of Henryetta, a Samuel Atkins of Shawnee, W. T. Maxwell of Ada and G. W. Lindsay of Haileyville, the first vice president, F. P. Price, having been called to his home in Coalgate on account of sickness.

According to the laws of the organization, Langston has ten days in which to perfect an appeal to the affiliated unions and has the privilege of submitting a brief in support of his position, which must be mailed out by the board to the locals with the ballots for the vote on whether he shall be reinstated. In case he is not, the new secretary shall be elected from his local, which is the Oklahoma City Typographical union. W. T. Maxwell, fourth vice president, was selected to act as temporary secretary-treasurer by the board.

The board held in its findings that the deposed secretary-treasurer was guilty of failure to deposit all the funds of the organization in the designated bank of the federation, of failing to be at his office during the proper hours on October 16 and 17 to receive and pay bill of President C. C. Zeigler for two weeks salary, of neglect to pay the legislative committee after their vouchers had been signed by the president, of failure to make a monthly report for September, 1911, of failing to keep up the records of his office, of exceeding his authority by signing the president's name to vouchers after having been directed not to do so.

The News office has just turned out a sufficient number of dockets of the approaching term of district court to supply the demand of the attorneys and others interested in the proceedings. Court will meet Monday, the non jury civil docket being the first to be taken up.

ARRESTED FOR GRAND LARCENY

Yesterday Deputy Sheriff R. E. Duncan brought in L. D. and Jno. Johnson, who live across the river in Seminole county, on a charge of grand larceny. They are alleged to have stolen about \$75 worth of tools and other property from the railroad at Francis. They were placed in jail to await a hearing.

IMPORTANT RULING BY FEDERAL JUDGE

Meridian, Miss., Oct. 30.—State Circuit Judge Buckley today in a damage suit cast further to be heard November 3, construing the federal employers liability act of 1908, held that if cars causing an accident carried interstate shipments, the state courts were without jurisdiction. The plaintiffs will now attempt to show that the cars in question did not carry interstate freight.

W. D. Cook, a local switching force foreman, in May, this year, was crushed between cars while making a coupling. He died.

Cook had no immediate family. His brothers and sisters brought suit for

\$25,000 against the Mobile and Ohio railroad. To the plaintiff's bill railroad attorneys replied by pleading that the cars between which Cook was crushed carried interstate freight and asserting that the remedy, if any should be sought in the federal courts. Plaintiff's demurrer asserted rightful jurisdiction by the state, and it was this demurrer which Judge Buckley overruled today. Additional pleadings filed today by the plaintiffs assert the cars were not carrying interstate freight and the trial which will begin November 3, here, will center on this point.

It is believed here that the case will be carried to the United States supreme court.

Specialist in Good Clothes for Men and Boys

THIS display of new styles in men's clothes which we're now making is the kind of display you want to see. It represents the highest achievement in fine clothes making.

Hart Schaffner & Marx use none but all-wool fabrics; and the reason for that is that all-wool is best; it's best for the man who wears the clothes. The tailoring is of the highest class; costs more than cheap tailoring, just as all-wool costs more than part cotton. Everything in the clothes and everything done to them, is with the idea of giving the man who wears them the best possible value for his money.

That's the spirit in which Hart Schaffner & Marx make clothes; and the reason we sell these goods, and make so much talk about them is that this store is being run on that basis.

See the new weaves---grays, tans, browns, blue-grays; chevots, tweeds, worsteds, blue serges. See the new models---Shape-maker, Varsity, English Sack; and the new overcoats---Raglan slipon, English box overcoat, adjustable collar ulsterette. And a lot of other good ones.

The Oklahoma City Times, a moder-
ate Republican paper, suggests that
the republicans of the state hold a
presidential primary. The editor of
the Times must be exceedingly green
in the policies of the federal ap-
pointees who control the party machi-
nery of the state. Give the rank and
file of the party a chance to be heard
from? Not if they are on the job. No,
sir, Oklahoma, as well as all other
southern states is in Taft's vest
pocket and a man who dares to sug-
gest a plan whereby the people may
be heard from is likely to find him-
self read out of the party. Treason,
rank treason.

Years of service in the cabinet and
in the White House has not rooted
out of Taft's mind the notion that
the judicial department of the govern-
ment is one to which all others must
bow in abject submission. According
to his way of thinking, to criticize a
court or decision of a judge is noth-
ing short of sacrilege. In other words,
his mind does not seem capable of
rising from the groove in which it
ran when he was a federal judge.

Of all the possibilities thus far
named in connection with the presi-
dency of the state university, the
News is most favorably inclined to
favor Chas. W. Dabney of Cincinnati.
Dr. Dabney is one of the most pro-
gressive school men and best hus-
tlers ever placed at the head of a

school. He is a man of national rep-
utation as an educator, winning much
of it as president of the University
of Tennessee, which position he held
for a number of years before accept-
ing his present one. We believe that
he is just the sort of man needed to
put the University of Oklahoma to
the front, for he is familiar with con-
ditions as they exist here, and will
govern his course accordingly.

THANK YOU, BROTHER, THANK YOU.

FURMAN EMPHASIZES RULE OF HARMLESS ERROR

Oklahoma City, Ok., Oct. 30.—That
the further application of the doctrine
of "harmless error" would result in
putting the courts of the United
States more nearly on an equality
with those of England when it comes
to administration of justice is the de-
claration made by Presiding Judge
Henry M. Furman of the Criminal
court of appeals in an opinion hand-
ed down Saturday.

"If the Appellate courts of the
United States would take the same
view of the enforcement of law that
the English courts take, there would
be more respect for law and more
confidence in our courts, and life and
property would be as safe here as
they are in England," says Judge Fur-
man. "What the people of the United
States need is more plain, common
sense justice that the people can un-
derstand, and not so much regard for
technicalities which constitute only so
much learned nonsense, and which no
man can understand unless he be a
skilled lawyer. Too much regard for
technical rules sacrifices substance to
form and makes the shadows and cob-
webs of antiquity more important
than the enforcement of justice and
the punishment of criminals. We be-
lieve it to be our duty to give to
the people of Oklahoma, as nearly as
we can, a system of criminal juris-
prudence based alone upon justice and
supported by reason, which shall se-
cure to every man, be he poor or rich
full protection in his rights, and also
secure to the people at large the due
execution of the criminal laws of
the state. We think the safer and bet-
ter rule is to presume that everything
done in a court of record is regular
until the contrary is made to appear
and to place the burden upon the party
complaining of the action of the
trial court to show how he was in-
jured thereby. This, as we all un-
derstand it, is the ground work and
foundation of the doctrine of harmless
error."

The opinion was in affirming the
case of R. Coleman, convicted of per-
jury in Bryan county. The opinion al-
so gives an interesting definition of
what constitutes perjury, holding that
"it is not necessary that the matter
sworn to should be directly and im-
mediately material, but that it is suf-
ficient if it is so connected with the

Ada Firemen to Have Big Week—Vot- ing Contest to Be a Big Feature.

Who is the most popular young lady
in Ada. That is the question about to
be decided by the firemen at their big
Carnival and Street Fair next week.
More than \$250 in prizes will be on
exhibition tomorrow at Warren's Jew-
elry store which will be awarded to
the successful contestants. Voting
booths will be established in several
of the leading stores where the con-
testants and their supporters can
cast their votes. There will be five dif-
ferent contests which are as follows:
Young lady's popularity contest where
two diamond prizes will be given; a
popular school girl contest, three
Parisian dolls as prizes; school boys'
puzzle contest; pretty baby contest
and a homely man contest. No doubt
the young lady's diamond contests
will create more enthusiasm than the
other contests for this is to decide
for now and all time who is Ada's
most popular young lady. This form
of amusement has become very pop-
ular all over the country where car-
nivals are held and as Ada boasts of
having its share of pretty girls the
firemen concluded to be no exception
to the prevailing rule. The carnival is
said to be one of the biggest and best
on the road and the firemen can con-
gratulate themselves in securing such
high grade attractions as the Rue &
Wood shows carry. A special feature
worthy of special mention is the free
art carried by this company, Max and
June the high diving horses, this per-
formance is free to everybody at the
Firemen's Carnival.

GOVERNORS MEET TO CONSIDER COTTON SITUATION

New Orleans, La., Oct. 29.—The gov-
ernors' conference, regarding cotton,
which opens tomorrow morning, in a
nutshell follows:

Nine governors will be here and
five other states will be represented
by distinguished delegations.

Commissioners of Agriculture of
thirteen states will be in attendance.
Object of meeting is to devise way
to check downward course of cotton's

NEWT McCURE GRANTED WRIT OF HABEAS CORPUS

The court of criminal appeals in an
opinion by Judge Doyle granted a
writ of habeas corpus to I. N. Mc-
Clure, sentenced to six months in jail
and \$100 fine in the county court of
Pontotoc county for using profane
language. McClure objected to being
rearrested after he had been paroled
by the county judge. The court holds
that the county court was without au-
thority to grant such a parole, but
allows the writ because of the fact
that the maximum sentence allowed
by law for the offense with which he
was charged was thirty days' impris-
onment and he had already served
the maximum.

ITALIANS MEET HEAVY REVERSE

Malta, Oct. 27.—The Italian reverse
at Tripoli on October 23 according to
steamship passengers just arrived
here, amounted almost to a rout. An
Italian outpost during a reconnaissance
encountered a Turkish outpost which
retreated. The Italians followed and
found themselves suddenly attacked on
all sides.

Three companies of light infantry
were totally annihilated. Several of-
ficers were made prisoners, mutilated
and hanged by irregulars.

The return of the commander of the
Italian force, carrying many wound-
ed, said to be seven hundred, caused
great excitement among the Arabs
of Tripoli. They all attempted to re-
volt, firing many shots and wounding
many Italians. The attempt was soon
quelled and hundreds of the Mussel-
men were shot.

VITAGRAPH—GREAT SPECIAL FEATURE.

"The Quest for Gold"

The lust for gold, which tempts men to go in quest of it in far-away and deserted lands and the many hardships they endure, is an oft-told tale. In this great picture, staged and produced in Alaska by the Vitagraph company, at an enormous expense, you will see the men of grit start out and pursue their way on dog-sleds and snow-shoes, frequently swallowed up by the yawning canyons, like whited sepulchers, or dropping dead from exposure. We agree that those brave men deserve all the good fortune they may acquire. The best picture in months, and the first of its kind ever produced.

There has been a regular avalanche of inquiries today for houses to rent. No fewer than a dozen men have inquired at the News office for houses, which goes to show how scarce houses are just now. Although, during the past five years no fewer than 400 or 500 houses have been built in Ada, the supply has always been far short of the demand. It proves that

JOHN D. ROCKEFELLER

Who Is One of the World's Financiers, Said:

"THE secret of success is thrift in all its phases, but principally in saving. A young man may have friends, but he will find none so steadfast, so constant, so ready to respond to his wants, so capable of pushing him ahead as a little leather covered book with the name of a good bank on its cover."

At the session to be held this evening the city council will probably put the finishing touches on the water-works wrangle with D. T. Johnson, the contractor for the Byrd's Mill line. It is presumed that the agreement reached with Johnson by the committee will be ratified, and that he will receive the amount agreed upon in settlement of his claims. The line will cost the city somewhere near \$3,000 more than was contemplated under the original contract.

Don't Blame the Stove. The cause of the discomfort of yourself and family on cold wintry mornings can be avoided if you will exercise your good judgment when you purchase your winter's supply of coal. Before placing your order examine the coal yourself. See that it is all coal, and it is free from fine dirt and dust. The stove has not yet been invented that will burn rock or dirt. Don't blame the stove. Buy good coal. We have it.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you, we would not let you have slack if you wanted it as we need it for our bellows, so be sure and get our prices before you buy.

A. H. T. A ELECTS

OFFICERS FOR 1912

Chickasha, Okla., Oct. 27.—Officers of the Oklahoma State Anti-Horse Thief Association were elected at the annual state meeting here Thursday evening. Resolutions were introduced but defeated by a small margin deprecating of the pardoning power of the governor as exemplified by Acting Governor McAlester. One of the paragraphs implored Governor Cruce not to again leave the state.

The officers of the state association are Benjamin Young, Bristow, president; W. M. Marlow, Bigheart, vice president; Otto C. Liston, Edmond, secretary; E. I. Williams, Rush Springs, treasurer. W. W. Pierce, Wetumka; R. H. Holden, Okene, and W. R. Mock of Carnegie constitute the executive committee.

The next meeting of the state association will be held at Okmulgee, beginning on the fourth Tuesday in October, 1912.

East Side Association.

Tulsa, Okla., Oct. 27.—The Eastern Oklahoma Anti-Horse Thief association finished its work Thursday evening and adjourned. The following officers were elected: Campbell Russell, Warner, president; E. T. Sorrell, Milton, vice president; W. H. A. Harrison, Checotah, secretary-treasurer; C. G. Horn, Welch; J. W. Dunkin, Tahlequah, and John H. French, Collinsville, were elected as the executive committee.

Sulphur was selected as the next meeting place. The association endorsed the Peoples Power League and the movement for the recall of the state board of agriculture.

News from the Zinc Field.

Davis, Okla.—Water in practically unlimited quantity was found at 61 feet last Saturday at the Scott Braden mine three miles southeast of Turner Falls. A large concentrating mill will be installed in the near future. A four-foot vein of rosin jack was encountered at a depth of 45 feet. Col. S. W. Wood, the manager, declares they have a mine of great value.

Cunningham and Thomas of Oklahoma City are drilling for both water and mineral in the South end of the zinc field. Mr. Austin, a member of the company, stated today it was their plan to drill several hundred feet unless ample water was found at shallower depth.

Work on the Lone Tree Mine, owned by E. A. Hill and associates, will commence development next week, according to report. This mine has already produced shipping carboate of lead and zinc. A car of ore will be shipped at once.

Now that cool weather has arrived a number of mining enterprises will commence development. The Gooseneest concentrating mill will be installed very soon by the Tahlequah Mining & Development Co. This mill was shipped here some time ago by the C. & L. Company and sold to the Tahlequah company.

Life's Blessings

Women who use Mother's Friend are saved much of the discomfort and suffering so common with expectant mothers. It is a penetrating oil that thoroughly lubricates every muscle, nerve and tendon involved at such times, and thus promotes physical comfort. It aids nature by expanding the skin and tissues and perfectly prepares the system for the coming of baby. Mother's Friend assures a quick and natural recovery for every woman who uses it. It is for sale at drug stores. Write for free book for expectant mothers.
